

Handling Sets ECBPi

Handling Sets ECBPi

System design Handling Sets ECBPi

FXCB large-area gripping system for handling cardboard boxes

Suitability for industry specific applications

Applications

- Ready-to-connect handling set for lightweight robots and cobots based on an intelligent, electrical vacuum generator
- Includes the vacuum generator, flange, gripper and connection cable
- Handling of airtight and slightly porous workpieces
- Integrated interface for controlling, regulating and monitoring the handling process

Design

- Flange adapter plate (1) for mechanical connection to the lightweight robot or cobot
- M12 8-pin plug connection as digital interface between the ECBPi (2) to the robot
- NFC interface for convenient data transfer via smartphone
- Flange for gripper connection (3)
- End effector VEE (4) with a replaceable suction cup
- Connection cable for electrical connection to the robot

Product highlights

- Set contains all components for the quick assembly of a gripper ready-to-connect
- Integrated ventilation valve for fast, precise placement of the workpiece during handling
- Process monitoring through connection via IO-Link or digital signals; condition monitoring to prevent errors
- NFC interface allows readout and parameterization via smartphone
- Energy efficient by adapting the power to the handling process by means of speed control

Handling Sets ECBPi

🔗 Designation code Handling Sets ECBPi

ROB-SET ECBPi	–	DOOSAN
1		2

1 – Abbreviated designation

Code	Version
ROB-SET ECBPi	Handling set ECBPi

2 – Compatibility

Code	Version
DOOSAN	Doosan Robotics
FANUC	Fanuc
FRUITCORE	Fruitcore Robotics
HANWHA	Hanwha
KASSOW	Kassow
KUKA	Kuka
MIT	Mitsubishi
OMRON	Omron
TECHMAN	Techman
UR	Universal Robots
YAS	Yaskawa
YUANDA	Yuanda Robotics

The handling set ECBPi is delivered unassembled. The delivery consists of:

- Electrical vacuum generator ECBPi
- Flange plate FLAN-PL
- Flange module VEE-QCM
- Vacuum end effector VEE
- Connection cable ASK-B
- USB stick with software (optional)

Available spare parts: electrical vacuum generator ECBPi, flange plate FLAN-PL, flange module VEE-QCM, vacuum end effector VEE, connection cable ASK-B

Available accessories: vacuum end effector VEE, starter set VEE SET-ECBPi
