

Handling Sets SGM-SV

Gripping surface (Ø): 40 mm

Handling Sets SGM-SV

System Design Handling Sets SGM-SV

Magnetic grippers SGM-SV when handling punched metal sheets

Suitability for Industry Specific Applications

Applications

- Handling set based on a magnetic gripper for integration on lightweight robots
- Magnetic gripper with high holding forces for handling e.g. perforated sheets, complex laser-cut parts, sheets with holes and cutouts
- Handling of ferromagnetic components
- Use in HRC applications (human-robot collaboration)

Design

- HRC-suitable housing with magnetic gripper SGM-SV and retrofittable proximity switch (switching state of magnetic gripper: gripping / releasing) (1)
- Compressed air connections for gripping / releasing (2)
- Gripping surface with friction ring (3)
- Robot interface in flange design (4), adapter flanges for other robot types (7)
- Additional elements for gripping round workpieces (5)
- Extension for reaching e.g. into deep containers (6)

Product Highlights

- Ready-to-install set with push-in fittings, hose and cable attachments for fast and safe robot integration
- Bistable function with permanent magnet ensures secure gripping even in the event of power failure
- Minimal space requirement and low weight thanks to compact design and lightweight construction
- Gripping surface with friction ring to absorb high lateral forces
- Commissioning software for simple and fast parameterization

Handling Sets SGM-SV

Designation Code Handling Sets SGM-SV

ROB-SET SGM-SV	–	40	UR
1		2	3

1 – Abbreviated designation

Code	Version
ROB-SET SGM-SV	Handling set SGM-SV

2 – Diameter

Code	Diameter in mm
40	ø 40

3 – Compatibility

Code	Version
UR	Universal Robots

The handling set SGM-SV is supplied assembled. The product consists of:

- Gripper of type SGM-SV magnetic gripper
- Plastic housing with interface for UR robot flange
- Plug-in screw unions
- Cable ties

Available spare parts: Friction ring for gripping surface

Available accessories: Proximity switch, prisms for gripping round and rounded workpieces, adapter flanges, flange extension, energy chain with UR-cap
